- > *No reservations or subscriptions*

*Welcome  
on board*

Vox Datapro is a leading Telecommunication Service Provider focused on providing Internet connectivity and converged Internet Protocol (IP) services to business customers. Established in 1998, our practical connectivity solutions are designed around your specific business needs and priorities, helping to support your mission-critical communications.

Vox Datapro delivers all connectivity solutions via a world-class infrastructure. Our Service Level Agreements ensure peace-of-mind, while our 24-hour helpdesk fully supports and monitors services to ensure that no matter what size your business, you remain connected around the clock.

## Product information

Voxair from Vox is an easy-to-use, secure teleconferencing solution. An unlimited number of participants can make use of this service at any time, from anywhere in South Africa, without the need to pre-book a time or subscribe to any services. Voxair is an automated, cost-effective and hassle-free way to connect with people wherever they are.

On top of that, if you are calling from the Vox network, your call will be absolutely FREE.

## Features

- FREE if you are dialling from the Vox network
- Automated, quick to set-up and convenient
- Secure and confidential
- Hassle free
  - No reservations
  - No rental or connection fees
  - No subscriptions or contracts
- Call in from any network (fixed line or mobile)
- Available for use at any time of the day, from anywhere in South Africa
- Participants are billed separately at cellular rates
- Unlimited participants
- Unlimited duration

## Why use teleconferencing?

Teleconferencing has unlimited applications.

Here are just a few:

- Regional / national sales meetings
- Divisional meetings
- Product training
- Franchise conferences
- Project management meetings
- Team meetings
- Teaching / educational seminars
- School group / organisation meetings
- Family reunions

## HOW TO GET STARTED

- 1 Call 01 0001 0001 from any telephone line**  
(including fixed lines and mobile phones)
- 2 If you are organising the conference call:**
  - a. When connected enter a 4 digit conference ID number followed by the # key (any number you decide on)
  - b. Enter a 4 digit PIN code followed by the # key (this provides security for your conference call)
  - c. Notify your participants of the above information
- 3 If you are joining the conference call:**
  - a. Enter the Conference ID number and the PIN code provided to you by the organiser of the call
- 4 Begin the conference**

hello everyone!
